CAREER OBJECTIVE:

Seasoned Frontend Developer with **over 5 years** of experience in crafting innovative, responsive web applications and teaching web development. Proven expertise in utilizing **HTML5, CSS3, JavaScript**, and frameworks like **React** and **Vue.js** to create user-centric websites. Adept at optimizing performance, ensuring cross-browser compatibility, and collaborating with cross-functional teams. Seeking an opportunity to mentor aspiring developers and leverage my technical skills to contribute to both individual growth and organizational success.

PROFESSIONAL EXPERIENCE:

Glary Cloud Management Creativity, Saudi Arabia.

(Jan 2022- Present)

Frontend Developer (Remote)

- Convert mockups and wireframes into fully functional, responsive web applications.
- Collaborate with designers and back-end developers to develop, test, and deploy web applications.
- Optimize applications for maximum speed and scalability.
- Implement and maintain project standards in terms of code quality, performance, and security.
- Ensure cross-browser compatibility and mobile responsiveness.
- Maintain and improve company websites, ensuring stability and innovation.
- Troubleshoot issues and resolve bugs to ensure optimal user experience.
- **Technologies:** HTML5, CSS3, JavaScript, SCSS, Vue.js, Nuxt.js
